ZipfreshTM
Freshness lives longer

Freezer Friendly
Microwave Safe

Multi Layer High Barrier Pouch
Protection Against Oxygen & Moisture
Strong & Re-usable Storage

Freshness lives longer

Made out of high-barrier, multi-layer film, Zipfresh is the perfect storage solution that prevents air and moisture from getting inside, while locking in the freshness. Though most commonly used for food products, Zipfresh bags can also be used for a wide variety of applications including travel, outdoor, and storage of non-food products.

Easy Lock
Zipfresh

Freshness lives longer

Why Zipfresh?

- Restricts entry of dirt, oxygen and moisture
- Retains aroma, nutritional value and freshness of the food products for a longer duration
- Made from FDA approved food-grade material to ensure food safety
- Durable, long lasting and reusable
- Easy to use and convenient to carry

What's more, Zipfresh bags are available in different sizes and can also be customized to your specific requirements of size, private labeling and printing.

Zipfresh

One Product. Multiple Applications.

Food

Green vegetables, fruits, pulp, chapattis, soups, grains, bakery products, flours, even leftovers – the list of food products you can store in Zipfresh bags is virtually limited by your imagination.

Non-Food

Zipfresh bags can also be used to organize make-up accessories, first-aid kits, bills & receipts, stationery items and all sorts of personal effects.

Travel / Outdoor

As perfect travel companions, Zipfresh bags facilitate excellent organization of picnic snacks, travel documents, toiletries, baby diapers, loose coins, jewelry, photographs and even your music collection.
